

## Marriage Compatibility Report

Historically Indian marriages are settled by verifying the astrological compatibility between the boy and the girl. Popularly known as ashtakoot Milan which is by comparing the 36 guna divided into 8 categories

Type	Hindi Name	Guna
Varna	वर्ण	1
Vashya	वश्य	2
Tara	तारा	3
Yoni	योनि	4
Grih Maitri	ग्रह मैत्री	5
Gana	गण	6
Bhakt	भक्त	7
Nadi	नाड़ी	8
Total		36

It is also believed that influence of malefic planets on the marriage should also be considered in reaching to any conclusion. Mangal dosh or Manglik consideration is this consideration only. However these guna matching is determined solely by Raashi and Nakshtra of the boy and the girl as the rashi and nakshtra only define the values of these 8 guna categories.

It seems to be more logical that the compatibility should not be restricted only to ashtakoot Milan which is matching only moon out of the nine planets but should be done on the basis of comprehensive study of the boy and the girl's chart as well. This comprehensive study of the boy and the girl includes the married life, children, financial stability and practical compatibility of the bride and the groom in real life.

What is the information required for such an analytical study ?

We require the names of the boy and the girl along with their date of birth, time of birth and place of birth. This should be sent to us alongwith the payment of Rs. 250 per match making. The payment can be sent to us through paytm or online transfer to our account.

What do we offer as against this information ?

We will provide the birth charts, navmansh charts mahadasha and antardasha calculations of the boy and the girl, the guna match analysis and recommendation based on the comprehensive study of the chart, all in soft copy pdf/xps format.

We also maintain and share systematic record of all the matches done by us and is available online with secured password to each and every client.
